Comparative Study:

Hair sensation on tongue. Kali b. Burnt sensation tongue. Sang., Cancer of breast. (Ars. Bapt. Con. Kreos. Phyt.)

Scholar's View:

Dr. Bhanja's Constitution page 161. Debilitated persons with viscid mucous discharge. Cachectic or malignant dyscrasia often indicated on pre-cancerous stage when cancerous growth is not yet manifested. Persons with suspicious lumps in region of pylorus.

Dr. Boericke *Matricaria medica*: 332 that Hydrastis is especially active in old, easily tired people, cachectic individuals, great debility. Stomach ulcers and cancer easily, tired people. Cachectic individuals with great debility. Cerebral

* Cancer & Its Homoeopathic Treatment *

effects prominent, feds his wits sharpened, head cleared, tacile expression. Weak muscular power, Door digestion and obstinate constipation.

Lumbogo. Emaciation and prostration. Its action on the liver is marked. Cancer and cancerous state before ulceration, when pain is principal symptoms.

Dr. Farngoton Clinical clinical Mat. Med. wrote p-223 that Hydrast which has cured epithelium and may be a remedy for uterine cancer. It has been used both externally and internally when indicated by symptoms which have already been given you, especially has it marked gonenen at the epigastrium and palpitation after every motion.

Clarke Dictionary of Horn. Mat. Med. P.919 Hale quotas have saying that it is tonic- and that it is said enter into compound remedies for cancer action detergent tonic and the Cherokees are suppose to use it in that disease. This is important as showing that traditional reputedly the plant agrees with the results of later exenenec. For through by no means "Specific in all cases of cancer, It is in cancer cases that Hydrast has won its chief fame and I think it my fairly said that more cases of cancer has been cured with it then any other single remedy.

In very many cases there is what has been turned a pre-cancerous stage a period of undefined. Ill health without any discernable new growth.

You facral expressions is dull, heavy sudden look in, yellow white in colour.

The tongue is large, flabby and slimy looking and white which is yellow slimy and stichy and indented by the teeth. Erucation generally sour at time. Appetite bad, power of digestion of bread and vegetable especially weak and causing eructation weight at stomach with fullness empty aching " GONE feeling this is great characteristic of Hydrast and it is constant not occurring at special time of the Sulp. Worse after

* Cancer & Its Homoeopathic Treatment *

a meal. The action of the bowels is either in frequent and constipation or frequent with loose soft light colored stool.

This type of dyspepsia occur frequent in philosophical family and often cured and even in cases of actual phthisis. This type is not uncommon, the loss of appetite and goneness being especially prominent.

Cases of cancer of the liver have jaundice and liver enlargements. Cases if cancer of liver have been reported cured by it. Fullness goneness and constipation are the leading indicating.

Cancer of breast, Ars. Bapt. Con. Condur, Kreos, Phytolac. Burnt sensation of tongue, Sanguinaria.
