## LOBELIA INFLATA

**GENERALITIES:** It stimulates *vaso-motor nerves*, causing *increased secretions*, RELAXATION, and *weakness*, with sweat, with deathly sickness all over, with oppressed *rattling respiration*. Sits with elbows on knees. Prickling all over. Cannot bear the odor of tobacco although addicted to it. Nausea and vomiting with nearly all respiratory troubles, and gastric affections.

**WORSE:** Cold bathing. Suppression. After sleep. Tobacco. Tea. Foreign body. Slightest motion.

**BETTER:** Rapid walking. Eating a little. **MIND:** Despondent. Sobbing like a child. **HEAD:** Dull heavy pain. Vertigo with fear of death.

**EARS:** Deafness due to suppressed discharge (otorrhea) or eczema.

**FACE:** Bathed in cold sweat. Neuralgia of face (L), with retarded menses.

**MOUTH:** *Profuse flow of saliva*, with retching, hiccough, dyspnea, with good appetite.

**THROAT:** *Feeling of a lump in throat*; impeding deglutition.

**STOMACH:** Feeling of a lump. *Deathly nausea*, with vertigo, > by a little drink or food, < night and early morning. *Nausea and vomiting*, with profuse sweat, on face (cold), with respiratory symptoms. *Faintness and weakness in epigastrium*. Acid, burning taste.

**URINARY:** Deep red urine; with red sediment. Urine suppressed or infrequent.

**FEMALE:** *Morning sickness*, suddenly disappears, > by a little food and drink. Labor pain with shortness of breath. Pain in sacrum and sense of weight in her genitals.

**RESPIRATORY:** *Dyspnea*, nervous, with labor pain; as if from a wedge in larynx, with general prickling, > rapid walking. Asthma. Spasmodic cough, with sneezing, belching, or gastric pain. *Rattle in chest but does not expectorate. Constriction or oppressive fullness in chest.* Senile emphysema.

**HEART:** Feels as if it would stop. Pulse weak or soft, flowing.

**BACK:** Pain in sacrum; cannot bear slightest touch; sits leaning forward.

**SKIN:** Plaques of edema, with ecchymoses. Prickling and itching, with nausea.

**RELATED:** Ant-t; Ip; Tab.

### LOLIUM TEMULENTUM

**GENERALITIES:** This remedy is useful in paralytic conditions. Tremor and convulsion; paralysis agitans. Prostration and restlessness.

**WORSE:** Wet; wet season.

**MIND:** Anxious and depressed.

**HEAD:** Vertigo, must close eyes. Head heavy.

**MOUTH:** Tongue tremulous. Speech difficult, cannot pronounce the whole word.

**STOMACH:** Nausea, vomiting. Severe purging.

**EXTREMITIES:** Gait unsteady. Trembling of all limbs, cannot write, or hold a glass of water. Spasm of arms and legs. Violent pain in calves, as if bound by a cord.

**FEVER:** Cold rigor all over, esp. in limbs.

**RELATED:** Lathy; Sec.
