# CONTENTS.

(the number following the names of diseases refer to the pages.)

Introduction, 1.

**I. General Pathology,** 4. 1. Fever, 4; 2. Hypersemia, 4; 3. Haemorrhage, 5; 4. Local Anemia or Ischemia, 5; 5. Embolism, 5; 6. Thrombosis, 5; 7. Dropsy, (Edema, 6; 8. Albuminuria, 6; 9. Inflammation, 7; 10. Sepsis, Pysemia, 9; 11. Necrosis, 9; 12. Hypertrophy, 10; 13. Atrophy, 16; 14. Neoplasms, 10; 15. Fatty Degeneration, 10; 16. Fatty Infiltration, 11; 17. Pigmentary Degeneration, 11; 18. Amyloid Degeneration, 11; 19. Colloid Degeneration, 11; 20. Calcareous Degeneration, 11; 21. Auto-infection, 11; 22. Dyscrasia and Cachexia, 12.

**II. Clinical Examination,** 14.

**Examination of Patient,** 15. 1. Anamnesia, 15; 2. Status praesens, 15; a. Chest Symptoms, 15; b. Derangements of Digestion, 16; c. Urinary Affections, 16; d. Disorders of the Generative Organs, 16. **Objective Examination:** a. General Condition of Patient, 17; b. Temperature of Body, 17; c. Head and Face, 18; d. Eyes, 19; e. Ears, 19; f. Lips, Gums, Teeth and Tongue, 20; g. Throat, 21; h. Neck, 21; i. Chest and Lungs, 21; k. Heart and Pulse, 23; l. Back, 24; m. Abdomen and Abdominal Viscera, 24; n. Anus and Rectum, 25; o. Male Generative Organs, 26; p. Female Generative Organs, 27; q. Urinary Organs, 29; r. Extremities, 33; s. Nervous System, 34; t. Expectoration, 34; u. Faeces, 34; v. Microscopic Examination, 35; w. Chemical Examination, 35.

**III. Prognosis,** 37.

**IV. Therapeutics.** Homoeopathy, 38; Homoeopathic Pharmacy, 45; Homoeopathic Doses, 48; Homoeopathic Prescriptions, 50.

## Special Pathology and Therapeutics,

### Part. I. Diseases of the Circulatory System.

**Introduction,** 55.

**Diagnosis,** 62.

Chap. 1. **Acute Inflammations of the Heart,** 63. A. Acute Endocarditis, 64; B. Pericarditis, 64.

Chap. 2. **Chronic Diseases of the Heart,** 66. A. Diseases of the Cardiac Valves and Openings in Youth and Middle Age, 68; B. Dis-

eases of the Heart in Old Age, 69; a. Insufficiency of the Aortic Valves, 69; b. Stenosis of the Aortic Opening, 69; C. Myocarditis, 70; D. Fatty Heart and Fatty Degeneration of the Heart, 72.

Chap. 3. **Arterio-capillary Fibrosis and Aneurisms, 73.**

Chap. 4. **Angina pectoris, 74.**

Chap- 5. **Palpitation of the Heart, 75.**

**Appendix:** Hydropericardium, 75; Hsemopericardium, 75; Gangrena senilis, 75.

## Part. II. Diseases of the Digestive Organs.

**Introduction, 77.**

**Mode of Examination, 80.**

**Preliminary Observations on Diet, 85.**

**Diet in Illness, 92.** 1. Diet in Fever, 92; 2. Diet in Convalescence, 93; 3. Diet in Chronic Diseases, 93; 4. General Dietetic Observations in Diseases of the Stomach and Bowel, 94.

Chap. 1. **Diseases of the Mouth, 98.** A. Mucous Membrane of the Mouth, 98: a. Catarrh of the Mouth, 98; b. Aphthous Inflammation of the Mouth, 98; c. Thrush, 99; d. Ulcerative Inflammation of the Mouth, 99; B. Diseases of the Tongue: a. Catarrh, 100; b. Mapped Tongue, 100; c. Parenchymatous Inflammation, 101, (Ulcers on the Edges of the Tongue, 101; d. Cancer of the Tongue, 101; C. Diseases of the Salivary Glands, 101; a. Salivation, 101; b. Ranula, 102; c. Mumps, 102; d. Noma, 102; D. Diseases of the Teeth, 103; E. Foul Breath, 104; F. Disorders of Dentition, 105.

Chap. 2. **Diseases of the Throat, 105.** A. Acute Inflammations of the Soft Palate, 106; B. Hypertrophy of the Tonsils, 108; C. Chronic Catarrh of the Throat, 108; D. Post-pharyngeal Abscess, 109.

Chap. 3. **Diseases of the (Esophagus, 109.** A. Inflammation, [110; B. Stricture, 110; C. Dilatation, 111; D. Spasm of the Gullet, 111.

Chap. 4. **Diseases of the Stomach, 111.** A. Acute Catarrh, 112; B. Chronic Catarrh, 114; C. Nervous Dyspepsia and Spasm of the Stomach, 118; D. Gastric Ulcer, 120; E. Cancer of the Stomach, 122.

Chap. 5. **Diseases of the Intestines, 123.** A. Disorders attended by Diarrhoea, 123: a. Catarrh of the Bowel in Children, 123; b. Acute Catarrh of the Bowel in Adults, 124; c. Chronic Catarrh of the Bowel in Adults, 126; B. Disorders of the Bowel attended by Constipation or Difficult Evacuations, 127; a. Habitual Constipation, 128; b. Haemorrhoids, 129; c. Perityphlitis, 130; d. Paraproctitis, 132; e. Stercoraceous Vomiting, 132; C. Disorders of the Bowel attended by Hemorrhage, 133.

Chap. 6. **Diseases of the Liver, 134.** A. Disorders attended by Jaundice: a. Jaundice of the Newly-born, 135; b. Catarrhal Jaundice, 135; c. Acute Yellow Atrophy of the Liver, 136; d. Cholesemia, 136; e. Cholelithiasis, 137; B. Disorders in which Jaundice is not always present, 139: a. Cirrhosis, 139; b. Nutmeg Liver, 141; c. Abscess of the Liver, 141; d. Cancer of the Liver, 142; e. Fatty Liver, 142; f. Amyloid Liver, 142; g. Floating Liver, 142.

Chap. 7. **Diseases of the Pancreas, 142.**

Chap. 8. **Diseases of the Peritoneum, 143.** A. Acute Peritonitis, 143! B. Chronic Peritonitis, 144; C. Ascites, 145; D. Cancer of the Peritoneum, 146; E. Peritoneal Tympanitis, 146.

**Chap. 9. Diseases of the Portal Vein, 146.**

**Chap. 10. Diseases of the Spleen, 147.**

**Chap. 11. Diseases of the Lymphatic Glands, 147.**

Chap. 12. **Parasitic Diseases of the Digestive Organs, 148.** A. Trichinosis, 148; B. Tape-worms, 149; C. Hydatids, 152; D. Trematodes, 152; E. Round worms, 153.

Chap. 13. **Hernia, 155.**

### Part. III. Diseases of the Respiratory Organs.

**Introduction, 151.**

**Mode of Examination, 162.**

**General Observations on Diagnosis and Prognosis, 172.**

**Prophylaxis and Diet, 174.**

Chap. 1. **Catarrhal Diseases of the Respiratory Organs, 177.** A. Acute and Subacute Forms, 177: a. Nasal Catarrh, 177; b. Acute Catarrh of the Larynx, 178; c. Acute Catarrh of the Trachea and Bronchi, 179; d. Lobular Pneumonia, 180; B. Chronic Forms: a. Chronic Nasal Catarrh, 182; b. Chronic Laryngitis, 183; ((Edema of the Glottis, 184); c. Chronic Catarrh of the Larynx and Bronchi, 185; (Emphysema, 185).

Chap. 2. **Croupous Diseases of the Respiratory Organs, 190.** A. Croupous Bronchitis, 191; B. Croupous Pneumonia, 192; (Abscess of the Lung, 194).

Chap. 3. **Haemorrhages from the Respiratory Organs, 194.** A. Epistaxis, 194; (Foreign Bodies in the Nose, 196); B. Haemoptysis, 196; C. Pulmonary Embolism from Cardiac Disease, 197.

Chap. 4. **Infectious Diseases of the Respiratory Organs, 197.** A. "Whooping Cough, 197; B. Influenza, 200; C. Tubercle of the Lung and Larynx, 202; (Mechanical Phthisis, 210).

Chap. 5. **Neuroses of the Respiratory Organs, 211.** A. Sneezing, 211; B. Loss of Smell, 211; C. Hypersensitiveness of Smell, 211; D. Laryngismus stridulus, 211; E. Paralysis of the Vocal Cords, 212; F. Asthma, 213; G. Hiccough and Yawning, 215.

Chap. 6. **Diseases of the Pleura, 216.** A. Pleurisy with Effusion, 216; (Pleuro-pneumonia, 218); B. Dry Pleurisy, 220; (Hydrothorax, 220; Pneumothorax, 220; Actinomycosis, 220).

Chap. 7. **Diseases of the Thyroid Gland, 221.** Bronchocele, 221.

### Part. IV. Diseases of the Urinary Organs.

**Introduction, 223.**

**Mode of Examination and Diagnosis, 227.**

**Diet and Regimen in Bladder Diseases, 229.**

- Chap. 1. **Albuminuria**, 230. A. Acute Nephritis, 231; B. Subacute and Chronic Nephritis, 233;- (Granular Kidney, 234; Lardaceous Kidney, 235).
- Chap. 2. **Hiematuria**, 235. A. Hsemorrhage from the Parenchyma of the Kidney, 235; B. Hsemorrhage from the Pelvis of the Kidney, 236; C. Haemorrhage from the Bladder, 236; D. Haemorrhage from the Urethra, 236; (Distoma hsematobium, 237; HEernoglobmuria, 237).
- Chap. 3. **Mucus and Pus in the Urine**, 237. A. Acute Cystitis, 237; B. Chronic Cystitis, 238; (Renal Abscess, 239; Chyluria, 239).
- Chap. 4. **Urinary Calculi and Gravel**, 240. A. Pelvic Catarrh, 240; B. Renal Colic, 241; (Hydronephrosis, 242); C. Cystic Calculus, 242; D. Pyelitis caleulosa, 243.
- Chap. 5. **Nenroses of the Bladder**, 245. A. Hypersesthesia of the Bladder, 245; B. Spasm of the Bladder, 245; C. Anaesthesia of the Bladder, 240; D. Paralysis of the Bladder, 247.
- Chap. 6. **Catarrhal Urethritis**, 247.
- Appendix: Floating Kidney, 248; Aclison's Disease, 248.

## **Part. V. Diseases of the Skin and Subcutaneous Cellular Tissue.**

**Introduction**, 249.

**Diagnosis and General Therapeutics of the Skin**, 250.

**Care of the Skin, Regimen and Diet**, 253.

- Chap. 1. **Neuroses of the Skin** (Pruritus), 254.
- Chap. 2. **Erythematous Inflammations**, 255. A. Erythema, 255; B. Roseola, 255; C. Urticaria, 256; D. Erysipelas, 256; (Effusions of Blood into the Dermis, 257; Pellagra, 257).
- Chap. 3. **Papular Inflammations**, 259. A. Lichen scrofulosus, 258; B. Lichen ruber and Lichen planus, 258; C. Prurigo, 258.
- Chap. 4. **Vesicular Inflammations**, 259. A. Herpes, 259; B. Eczema, 260.
- Chap. 5. **Pustular Inflammations**, 262. Impetigo, 262; Ecthyma, 262.
- Chap. 6. **Bullae**, 262. Pemphigus, 262.
- Chap. 7. **Squamous Inflammations**, 263. A. Psoriasis, 263; B. Ichthyosis, 264.
- Chap. 8. **Phlegmonons Inflammations**, 264. A. Boils, 264; B. Carbuncles, 265; C. Phlegmon, 265; D. Witlow, 266.
- Chap. 9. **Inflammation of the Skin from External Causes**, 267. A. Burns, 267; B. Chilblains, 268; C. Contusions, 268; D. Wounds, 268; E. Bed-sores 271.
- Chap. 10. **Diseases of the Sebaceous Glands**, 271. A. Steatorrhosa, 271; B. Acne rosacea, 273; C. Lupus erythernathosus, 273; D. Acne mentagra, 274.
- Chap. 11. **Lupus**, 275.
- Chap. 12. **Affections of the Sweat Glands**, 276.

- Chap. 13. **Hypertrophy of the Skin**, 277. A. Warts, 277; B. Corns, 278; C. Callosities, 278; D. Papilloma, 278; E. Fibroma, 278; (Sarcoma and Carcinoma, 278); F. Ephelides, 279; G. Nam, 279.
- Chap. 14. **Diseases of the Hair and Walls**, 279. A. Alopecia, 279; B. Onychia, 280.
- Chap. 15. **Epizoa**, 281.
- Chap. 16. **Dermatozoa**, 282. A. Scabies, 282; B. Filaria Medinensie, 284; C. Pulex penetrans, 284; D. Ixodes reticulatus, 284.
- Chap. 17. **Dermatophytie**, 284. A. Fav'us, 284; B. Herpes tonsurans 285; C. Tinea versicolor, 286; D. Plica Polonica, 286.

## Part. VI. Diseases of the Organs of Locomotion.

### Introduction, 287.

- Chap. 1. **Inflammation of Tendinous Sheaths and Muscles**, 290. A. Inflammation of Tendinous Sheaths, 290; B. Ganglion, 291; C. Bursitis, 291; D. Suppurative Inflammation of Muscles, 291; E. Muscular Rheumatism, 292; F. Muscular Paralysis, 293.
- Chap. 2. **Arthritis**. A. Acute Rheumatism of the Joints, 293; B. Gout, 295; C. Chronic Rheumatic Arthritis, 298; D. Osteo-arthritis, 299; E. Diseases of Single Joints, Contusions, Dislocations and Wounds, 300; a. Morbus Coxse, 301; b. Inflammation of the Knee-joint, 302; c. Tubercle of the Joints, 302; d. Nodosity of the Joints, 302.
- Chap. 3. **Diseases of Bone**, 303. Fractures, 303; A. Periostitis, 303; B. Ostitis, 304; C. Osteomyelitis, 304; D. Diseases of the Spinal Column, 305; Kyphosis, 305; Lordosis, 305; Scoliosis, 305; E. Rhachitis, 306; F. Osteomalacia, 307.

## Part VII. Diseases of the Sexual Organs.

### Introduction, 309. Diagnosis

### and Regimen, 315.

- Chap. 1. **Yenereal Diseases**, 323. A. Gonorrhoea Gonococcosis; 323; a. Gonorrhoea in Men, 324; b. Gonorrhoea in Women, 328; c. 1. Gonorrhoea of the Rectum, 331; 2. Condylomata, 331; 3. Gonorrhoeal conjunctivitis, 331; 4. Gonorrhoeal Rheumatism, 332; (Gonorrhoeal Jachexia, 332); B. Soft Chancre 332; C. Syphilis, 333.
- Chap. 2. **Functional Diseases of the Male Sexual Organs**, 339. A. Seminal Emissions, 339; B. Impotence, 341; C. Incapability, 342.
- Chap. 3. Non-specific; **Local Disorders of the Male Sexual Organs**, 343. A. Phimosis, 343; B. Hypertrophy of the Prostate, 343; C. Hydrocele, 344; D. Spermatocoele, 344; E. Varicocele, 344.
- Diseases of the Female Sexual Organs:** General observations, 345; (Syringing the Genitals and the Use of Sitz-baths, 346).
- Chap. 4. **Diseases of the External Genitals and of the Vagina**, 347. A. Vulvitis, 347; B. Pruritus vulvse, 348; C. Vaginitis, 349; D. Vesico-vaginal Fistula, 349; E. Recto-vaginal Fistula, 349; F. Vaginismus, 349; G. Ruptured Perinseum, 350; H. Coccygodynia, 350.
- Chap. 5. **Normal and Abnormal Haemorrhages from the Female Genitals**, 350. A. Menstruation, 350; B. Amenorrhoea, 351; C. Dys-

- menorrhoea, 353; D. Menorrhagia, 355; 1. Chronic Metritis, 356; 2. Uterine Myo-fibronia, 367; E. Metrorrhagia, Uterine Haemorrhage, 359; F. Sarcoma and Carcinoma of the Uterus, 362.
- Chap. 6. **Lencorrhoea**, 365. A. Acute Endometritis, 366; B. Chronic EndometritiB, 367; C. Cervical Catarrh 367.
- Chap. 7. **Prolapsus of the Uterus and Vagina**, 369.
- Chap. 8. **Diseases of the Fallopian Tubes and Ovaries**, 372.
- Chap. 9. **Diseases of the Pelvic Peritoneum and Pelvic Connective Tissue**, 373. A. Puerperal Pelvic Peritonitis and Puerperal Pelvic Cellulitis, 374; B. Gonorrhoeal Pelvic Peritonitis, 374; C. Extraperitoneal Hsematocele, 375.
- Chap. 10. **Diseases of the Breast**, 375. A. Non-malignant Tumours, 375; B. Malignant Tumours, 375; C. Puerperal Disorders of the Breast, 375.
- Chap. 11. **Functional Disorders of the Female Sexual Organs**, 376. A. Anaphrodisia, 376; B. Immoderate Sexual Excitement, 376 C. Sterility, 376.
- Appendix:** Nausea and Vomiting of Pregnancy, 377; Constipation in Pregnancy, 377; Diarrhea in Pregnancy, 377; Obstructed Labour, 377; After-pains, 377; Pain in the Sacrum and Loins, 377.

## Part VIII. Diseases of the Brain and Nervous System.

**Introduction**, 378.

**Diagnosis**, 385.

**General Therapeutic Observations**, 392. Diet and Regimen in Mental and Nerve Disorders, 392. Massage, 394. Nerve Stretching and Suspension, 394.

Electrotherapeutics, 394. Suggestive Treatment and Hypnotism, 395, 396.

Chap. 1. **Diseases of the Brain and Cerebral Nerves within the Cranium**, 396. A. General Disorders: a. Vertigo, 397; b. Headache, 397; c. Convulsions, 398; B. Apoplexy, 399; (Sunstroke and Heat Apoplexy, 401); C. Embolism and Thrombosis of the Cerebral Arteries, 401; (Thrombosis of the Cerebral Sinuses, 402; Pachymeningitis bsemorrhagica interna, 402); D. Softening of the Brain, 402; E. New Growths in the Brain, 402; F. Meningitis. 403; a. Meningitis simplex, 403; b. Tubercular Meningitis, 405; c. Cerebro-spinal Fever, 405; G. Chronic Hydrocephalus, 406; Cerebral (Edema, 407); H. Cerebral Paralysis of Children, 407; 1. Glosso-labial Paralysis, 407; K. Cerebral Neuroses, 408; 1. Epilepsy 408; 2. Chorea, 411; 3. Tremors, 412; 4. Paralysis agitans, 412; 5. Catalepsy, 413; L. Diseases of the Cerebral Nerves, 413; 1. Affections of the Fifth Nerve, 414; (a. Facial Neuralgia, 415; b. Anresthesia, 417; c. Spasm, 417; d. Paralysis of the Masticatory Muscles, 417); 2. Disorders of the Facial Nerve, 418; (a. Histrionic Spasm, 418; b. Paralysis, 419; 3. Disorders of the Motor Nerves of the Eye. 420; (a. Spasm, 420; b. Paralysis, 420; [Strabismus and Diplopia. 421]; c. Ciliary Neuralgia, 421; 4. Disorders of the Optic Nerve. 421; 5. Disorders of the Olfactory Nerve, 422; 6. Disorders of the Auditory Nerve, 422; 7. Disorders of the Glossopharyngeal and Hypoglossal Nerves, 423; 8. Disorders of the Vagus, 423; 9. Disorders of the Accessorius, 423; a. b. Clonic and Tonic Spasm of the Sterno-mastoid, 423; c. Paralysis of the Sterno-mastoid. 424); 10. Neuralgia of the Occipitalis major nerve, 424.

- Chap. 2. **Diseases of the Spinal Cord and Spinal Nerves**, 425. General Observations, 425; A. Hypersemia of the Spinal Cord, 425; B. Spinal Haemorrhage, 425; (a. Paralysis, p, f Brown-Sequard, 426; b. Syringomyelitis, 426; c. Persistent Excitation of the Spinal Cord, 426); C. Myelitis, 427; a. Myelitis of 'the Anterior, Cornua, 427; b. Myelitis diffusa, 428; c. Myelitis from Compression 428}; D. Degenerative Diseases of the Spinal Cord, 430; (a. Multiple Sclerosis of Brain and Spine, 430; b. Sclerosis of Lateral Columns of Cord, 431\* (i. Amyotrophic Lateral Sclerosis, 431; ft. Myotonia oongenita, 432); c. Sclerosis of Posterior Columns of Cord, 432); E. Sclerosis of Anterior Cornua of Cord, 434; F. Spinal Meningitis, 434; G. Neuroses of the Cord. 435; (a. Spinal Irritation, 435; b. Tetanus, 435; c. Coordinating Neuroses from Occupation. 436); H. Diseases of the Spinal Nerves, 436; 1. Disorders of the Brachial Plexus, 437; a. Neuralgia, 437; b. Paralysis, 438; c. Cramps, 439; 2. Spasms of the Respiratory Muscles, 439; 3. Paralysis of the Diaphragm, 439; 4. Disorders of the Nerves of the Trunk, 440; a. Intercostal Neuralgia, 440; b. Mastodynia, 440; c. Lumbo-abdominal Neuralgia, 440; d. Coccygodynia, 441; e. Neuralgia of the Genitals, 441; f. Paralysis of the Larger Muscles of the Trunk, 441; 1. Of Seratus anticus major, 441; 2. Of Trapezius, 441; 3. Of Pectorales major and minor, 441; g. Disorders of the Sacral Plexus, 441; (I. Sciatica, 441; 2. Cramp, 443; 3. Paralysis. 444); h. Neurasthenic Neuralgia of the Joints, 444.
- Chap. 3. **Inflammation of Peripheral Nerves**, 444. A. Simple Neuritis, 445; B. Multiple Neuritis, 445.
- Chap. 4. **Disorders of the Sympathetic Nerve**, 446. A. Megrim, 447; B. Exophthalmic Goitre, 448; C. Angina pectoris, 449; D: Unilateral Facial Atrophy, 449.
- Chap. o. (**general Neuroses**, 449. A. Neurasthenia, 449; B. Hypochondriasis, 450; C. Hysteria, 451; D. Sleeplessness, 454.
- Appendix:** A. Diseases of the Eye, 455; B. Diseases of the Ear, 459.

## **Part IX. General Disorders of Nutrition and Constitutional Diseases.**

**Introduction,** Blood. Red and White Corpuscles. Microscopic Examination of Blood and Enumeration of Corpuscles, 464.

- Chap. V. **The Anaemias**. 407. A. Chlorosis, 467; B. Idiopathic Anemia, 468; C. Leucocythemia, 469; (Pseudo-leucocythemia, 470).
- Chap. 2. **Undue Formation of Fat**, 470; Abnormal Thinness, 472.
- Chap. 3. **Scrofula**, 473.
- Chap. 4. **Purpura haemorrhagica**, 476.
- Chap. 5. **Scurvy**, 477.
- Chap. 6. **Diabetes mellitus**, 478.
- Chap. 7. **Diabetes insipidus**, 483.
- Chap. 8. **Haemorrhagic Jaundice**, 484.

## **Part X. Infectious Diseases.**

**Introduction**, 485.

- Chap. 1. **Anthrax**, 491.

- Chap. 2. **Glanders**, 492.  
 Chap. 3. **Hydrophobia**, 492.  
 Chap. 4. **Poisoning by Serpents**, 493.  
 Chap. 5. **Measles**, 495. „(j i i.^  
 Chap. 6. **Scarlet Teyer**, 497. a. Diphtheritic Scarlatina, 499; b. Scarlatina maligna, 499; c. Nephritis scarlatinosa, 500.  
 Chap. 7. **German Measles**, 501.  
 Chap. 8. **Small-pox**, 502. Vaccination, 505.  
 Chap. 9. **Chicken-pox**, 505.  
 Chap. 10. **Typhus Fever**, 506.  
 Chap. 11. **Enteric (Typhoid) Fever**, 507.  
 Chap. 12. **Relapsing Fever**, 512.  
 Chap. 13. **The Plague**, 513.  
 Chap. 14. **Yellow Fever**, 515.  
 Chap. 15. **Diphtheria**, 516. a. Local Diphtheria, 517; b. Diphtheria with Complications, 517; c. Typhoid Diphtheria, 518, d. Inflammation of the Cervical Connective Tissue, 518.  
 Chap. 16. **Cholera** Asiatica, 522. a. Choleraic Diarrhoea, 522; \>. Cholerae, 523; c. Cholera, 523; d. Typhoid Cholera, 524; e. Cholera sicca, 524.

### Part XI. Concise Materia Medica.
